Education

2022 - Present **Memory Modulation Lab** | Lab Coordinator, Psychology & Neuroscience

2021 - 2022 **Arizona State University** | PhD training, Cognitive Psychology

2021 **University of California, San Diego** | Bachelor of Arts, Social Psychology

2018 **Santa Monica College, Los Angeles** | Associate's Degree, Psychology

Awards & Fellowships

2021 **Research Excellence Award** | Arizona State University. Summer research funding. (\$6,000)

2021 **Scholarship for Advancing Diversity in Undergraduate Research on Aging, National Institute on Aging** | University of California, San Diego. Funding for undergraduate laboratory research position. (\$2,700)

2020 **The Milstein Family Philanthropic Foundation Fellowship** | University of California, San Diego. Fellowship supporting underserved students pursuing graduate education. (\$500)

2018 **David Simon Scholarship for Osher Scholars** | Santa Monica College. Fellowship recognizing academic excellence. (\$1,000)

2018 **Florence J. Vlach Memorial Scholarship** | Santa Monica College. Fellowship recognizing written skills. (\$900)

2017 **Edison STEM Scholarship** | Santa Monica College. Fellowship recognizing students as future leaders in STEM. (\$1,000)

2016-2017 **National Science Foundation STEM Scholarship** | Santa Monica College. Fellowship recognizing low-income, academically talented students. (\$3,600)

Research

2021 - 2022 **Independent Student Research** | The Memory and Attention Control Laboratory

Department of Psychology, Arizona State University

Project Title: The attribution of truth: Examining the interaction between affect and fluency.

PI: Gene Brewer, Ph.D.

2021 **Research Grant Assistant** | The Memory and Attention Control Laboratory
Department of Psychology, Arizona State University
Project Title: Cognitive and Neural Basis of Mentalizing.
PI: Gene Brewer, Ph.D.

2020 – 2021 **Research Assistant** | Cognitive Neuroscience Laboratory of Memory and the Brain.
Department of Psychiatry, University of California, San Diego
Project Title: Exploring aspects of news event memory in individuals with normal cognition or mild cognitive impairment using the retrograde memory news events test (RM-NET).
PI: Christine Smith, Ph.D., Larry R. Squire, Ph.D.

2020 - 2021 **Research Assistant Volunteer** | Wixted Memory Laboratory
Department of Psychology, University of California, San Diego
Assisted Dr. Wixted with research tasks related to ongoing studies on eyewitness memory.
PI: John Wixted, Ph.D.

Skills

Behavioral Research: Behavioral data collection and analysis, Neuroimaging data analysis (MRI), Experimental design, Research assistant training, Study participant recruitment and scheduling

Statistical Analysis: ANOVA, SPSS, Jamovi

Tools: Qualtrics, Psychopy, Freesurfer, Microsoft Teams, Excel

Languages: English (native), Spanish (fluent)

Conference Presentation

2021 **Guzman, B.**, Asp, I., Cawley-Bennett, A., Frascino, J., Golshan, S., Bondi, M., Smith, C. “Exploring aspects of news event memory in individuals with normal cognition or mild cognitive impairment using the retrograde memory news events test (RM-NET).” *The Lewis L. Judd Young Investigators Research Symposium*, Virtual Meeting.

Teaching Experience

2019 – 2022 **Teaching Assistant**

2022 **Arizona State University**
Fundamentals of Cognitive Neuroscience | Spring 2022
Introduction to Neuroscience | Spring 2022

2019-2021 **University of California, San Diego**
Memory and Amnesia | Winter 2021
Psychology and the Law | Fall 2020
American Higher Education | Summer 2019

Campus and Community Service

2020-2021 **Delta Alpha Pi International Honor Society** | University of California, San Diego (Principal Member). Honor society highlighting accomplishments of students with disabilities on the honor roll at UCSD.

2020-2021 **Student Support Services Club** | University of California, San Diego (Principal Member). Social club within the Oasis program providing recreational, community-building activities for underserved and underrepresented students on UCSD campus.

2018-2021 **Oasis Program** | University of California, San Diego. (Associate Member). Program provides support and community for underserved and underrepresented students transitioning to a university environment.

2017-2018 **Adelante Program** | Santa Monica College (Associate Member). Program provides financial, academic, and social support for Latinx and students of color.

2017-2017 **Psychology Club** | Santa Monica College (Associate Member). Student club promoting engagement with psychology.

2016-2018 **Science Research Initiative - STEM Program** | Santa Monica College (Associate Member). Program providing students in STEM fields with tutoring, counseling, workshops, and social activities.
